

# If you Hunt, Fish or Enjoy the Shooting Sports *please read!*

The **Mass Conservation Alliance (MCA)** is the statewide organization representing all sportsmen & sportswomen. We are continuing our work to unite all outdoor sports enthusiasts and conservationist. Our current Fund Raising Campaign is targeted to raise awareness at the state's legislative level.

- **MCA** has united all Sportsmen County Leagues, Mass Sportsmen's Council, Whitetails Unlimited, National Wild Turkey Federation, Mass Trappers Association, Mass BowHunters Association and Boston BowHunters and others to help formulate statewide united positions.
- **MCA** has been recognized by state officials for our review of the proposed MassWildlife fee increases and has offered a compelling counter proposal based on statewide sportsmen's input.
- **MCA** has engaged a lobbying firm to represent and amplify the voices of sportsmen to pass long-overdue legislation.

Recently, there has been a lot of news about MassWildlife's proposed fee increases, increased hunting and fishing access, legalizing crossbows, Sunday hunting, and GOAL's filing of a lifetime license bill. *It is the MCA that is leading the state's unification and organization of these most important efforts.*
