MASS Conservation Alliance - MA Division of Fish and Wildlife Fee Increase Survey

This survey is from the MASS Conservation Alliance (MCA) and its purpose is to gather feedback from MA resident sportsmen about their level of support for MA Division of Fish and Wildlife (DFW) proposed fee increases.

The survey has 29 questions, many are quick and fast to answer. Please set aside 5- 7 minutes to complete the survey. Your voice and recommendations are important! The time allotment assumes you are familiar with the current fees and the proposed fee increase schedule.

MCA will share results with MCA members. Summarized results of the survey may be part of future discussions and feedback to MA DFW. Individual surveys and any individual details will not be shared beyond the MCA survey team. How Would Fee Changes Affect Your Budget

Everyone has a personal set of priorities and a budget for living life. The next several questions is to understand how a MA fee increase would affect your continuing activities to be a sportsman/woman and knowing if your pursuits and or donations would change.

Donation: Today, some MA sportsmen purchase all the licenses, stamps, and permits - even if * they do not pursue a specific season or game. Some view it as a good donation to a good cause

- I buy all the licenses, stamps, permits today - with a fee increase I would continue to do so
- A fee increase would cause me to only buy the licenses, permits, and stamps I need
- I only buy what I need today and would continue to do so in the future
- Other...

- I buy the licenses, stamps, permits I need today - a fee increase does not effect me - I will continue to buy...
- I buy what I need today - a fee increase would cause me to buy less ; I may no longer hunt a season or gam...
- Other...

A fee increase may affect my sporting budget in these ways. Please select all that apply to your sporting budget. *

- I would rather hunt out of state and no longer in MA; fees would be too high
- I would reduce the number of clubs I belong to
- I would stop hunting out of state; can't afford all the licenses
- I would buy less sporting equipment and supplies
- I would change how much I spend on raffles, donations, and other fund raisers
- None of these apply to me
- Other...
